Build It Yourself And Save Big Time!

SCANSPEAK B 7 4 1

Two renowned names in one great speaker system. And, with a little effort on your part, at a heck of a savings. You know the names: ScanSpeak and Noerbaek. The impeccable tweeter, midrange drivers and woofers cannot be beat. The innovative electronic crossovers and handsome cabinet are from the legendary Peter Noerbaek. It's an unbeatable blending at an equally unmatchable price. All you have to do is buy the kit and perform the easy assembly. It literally doesn't get any better than the ScanSpeak B741 DO-IT-YOURSELF-AND-SAVE AFICIONADO PROJECT!

Recommended internal parts if bought separately.
Parts and crossovers are available through
www.madisound.com

Another Innovation From The Minds Of

PBN AUDIO
